JOYEETA GUPTA

Academic profile

Joyeeta Gupta is full professor of environment and development in the global south at the Faculty of Social and Behavioural Sciences of the University of Amsterdam and IHE Delft Institute for Water Education and the Faculty Professor on Sustainability (2019-2024). She leads the programme group on Governance and Inclusive Development. Previously, she was professor on Climate Change Policy and Law at the Institute for Environmental Studies at the Vrije Universiteit in Amsterdam.

J. Gupta has a European Research Council Advanced Grant of €2.5 M for 2021-2026. This project studies the role of big investors in leaving fossil fuels underground and the North South implications of doing so. Winning this personal grant is in line with the prizes/scholarships she has won since in school in India.

She is editor-in-chief of *International Environmental Agreements: Politics, Law and Economics* and is on the editorial board of *Environmental Science and Policy*, *Current Opinion in Environmental Sustainability*, *Climate and Carbon Law Review*, *International Journal on Sustainable Development*, *Catalan Environmental Law Journal*, *Review of European Community and International Environmental Law* and *Earth System Governance*. She was lead author in the Intergovernmental Panel on Climate Change which won the 2007 Nobel Peace Prize with Al Gore and of the Millennium Ecosystem Assessment which won the Zayed Second Prize. Her books include *The Climate Change Convention and Developing Countries - From Conflict to Consensus?* (1997, Kluwer Academic Publishers), *On behalf of my Delegation* (2000, translated into French and Spanish), *Our Simmering Planet: What to do About Global Warming* (2001, Zed Publishers; translated into Korean), and the *'History of Global Climate Governance'* (2014: Cambridge University Press) which won the Atmospheric Science Librarians International (ASLI) Choice Award in 2015 for 2014 in its history category. She has co-edited 15 books and 13 Special Issues on climate change, water, forest, urban governance and development cooperation. Her Google Scholar Impact Factor is 58, with 120 journal papers and more than 13,000 citations. She has successfully supervised 19 PhDs and is currently supervising 25 PhD students in the areas of climate change, forest, food/fish, water and disaster governance as well as in development challenges such as food governance and child marriage.

INTERNATIONAL EPISTEMIC COMMUNITIES

Global Environment Outlook; Intergovernmental Panel on Climate Change; Millennium Ecosystem Assessment
Since her PhD, she has been nominated by the Netherlands to be a lead-author in global assessments and she has developed her skills to eventually be nominated as co-chair of UNEP's GEO-6 and the Earth Commission. She has also been internationally nominated to participate in the steering committees of scientific projects on water, climate and environmental governance.

EDITORSHIPS

Editor in Chief: INEA (IF 5 yr 3.389)
Member, Editorial board of *Earth System Governance*, *Review of European, Comparative and International Environmental Law* (IF 2.541), *Catalan Environmental Law Journal* (*Revista Catalana de Dret Ambiental*), *Current Opinion in Environmental Sustainability* (IF 5 yr 3.985), *Carbon and Climate Law Review*, *Environmental Science and Policy*, (IF 3.514), *International Journal of Sustainable Development*

22 COMPLETED PHD SUPERVISIONS

Nashia Ajaz (Pakistan), Olaf Erz (German), Ricardo Fuentealba Fuentes (Chile), Meelan Thondoo (Swiss/Mauritius), Francine van den Brandeler (Netherlands), Shakeel Hayat (Pakistan), Selam Abraham (Ethiopia), Annisa Triyanthi (Indonesia), Darryl Colebrander (South Africa), Pedi Obani (Nigeria), Dorine van Norren (Netherlands), Peggy Somuah (Ghana), Kirstin Conti (US citizen), Simone Lovera (Netherlands citizen in Paraguay), Margot Hurlbert (Canadian), Monica Sanz (Colombian), Mairon Bastos Lima (Brazilian), Nana Amma Anokye (Ghanian), Harro van Asselt (Netherlands), Joseph Boateng Agyenim (Ghanian), Kyla Tienhaara (Canadian), Preeti Soni (Indian), Antoinette Hildering (Netherlands). *PhD students supervised are now professors in Finland and Canada, associate professors or senior lecturers in universities in the North and South, work at the World Bank, lead NGOs, and work at the Supreme Court of Ethiopia. They are all furthering the environment and development research agenda with three working in more practical positions.*

Currently supervising 25 PhDs

This requires supervising governance issues, substantive issues and financial stability (> 200 M €) and substantive issues.

Address: Fruitlaan 6, 2292 BB Wateringen, The Netherlands.
J.Gupta@uva.nl; +31 6 22495413

She has been the leader of, or participated in, the acquisition of 55 small to large projects from funding agencies including the European Commission and the National Science Foundation in the Netherlands. She has also participated in the design and signature of The Rome Declaration of 2017 on the Human Right to Water, initiated by the Pope and the Pontifical Academy of Sciences in Vatican City.

Management and networking profile

Joyeeta Gupta was co-chair of UNEP's Global Environment Outlook-6 (2016-2019), published by Cambridge University Press, which was presented to governments participating in the United Nations Environment Assembly in 2019, and was covered in newspapers worldwide. It won the Association of American Publishers PROSE award for Environmental Science. She led the team of authors in the writing of the Technical Summary of the Report which has been published by Cambridge University Press in 2021. She has also been nominated as co-chair of the Earth Commission (2019-2021), set up by Future Earth, together with Johan Rockström and Dahe Qin. The Earth Commission aims to identify safe and just targets and transformative governance processes.

She has been on the scientific steering committees of international programmes including the Steering Committee of the Global Agricultural Research Partnership (CGIAR) research programme on Forests, Trees and Agroforestry (2015-2018); and Future Earth's Earth System Governance programme (2008-2018). At European level, she has been a member of Science Europe's Scientific Committee for the Sciences (2016-2018) and of the Joint Programming Initiative - Climate Transdisciplinary Advisory Board in Brussels (ongoing).

At national level, she is on the Supervisory Board of the Royal Tropical Institute (KIT) in Amsterdam and SNV Netherlands Development Organization. She completed her responsibilities as a member of the Supervisory Board of Oxfam Novib in 2020. Her role in the Supervisory Boards implies not only being responsible for the substantive work, but also for the financial supervision of organizations that manage more than 200 million Euros.

She was the Vice-President of the Commission on Development Cooperation (2011-2019) and member of the Advisory Council on International Affairs (2011-2019), a statutory body that advises three Cabinet Ministers in the Netherlands. She was a member of the Board of Research for Global Development, WOTRO/N.W.O. from 2004-2010. She is currently vice-chair of the Curatorium of the Prins Claus Chair on Development and Equity.
